Volleyball Kits

SAFTRON high impact polymer products are made of specially formulated compounds to ensure longevity and unparalleled resistance to the elements, UV, and chemicals while requiring virtually no maintenance. They are guaranteed to keep their smooth, bright finish for many years.

SAFTRON internally reinforced Volleyball Kits includes two posts, 16' net, mounting and hardware. A high impact polymer exterior ensures SAFTRON posts are unaffected by pool chemicals, salt, and sun and remain cooler to the touch. Posts are sold with anchor sockets or 6" surface bases. SAFTRON's Volleyball Net is made from extremely strong, weather treated nylon. The top bindings are white Herculite® with vinyl coated rope.
