

# Platypus Pool Steps

Swimmers of all types benefit from the innovative design of the Platypus Pool Steps – elderly, arthritic, young learners or anyone who is uncomfortable with or has difficulty using traditional vertical swimming pool ladders. The Platypus Pool Steps offer no deck modifications or alterations to install.

The Platypus Pool Steps can be placed in and out of your pool as many times as needed – safely and easily by its dolly wheels.

Manufactured in Sydney, using 316 stainless steel for its hand rails and all metal parts, corrosion resistant HDPE plastic treads and sides making the Platypus Pool Steps your long term solution to your swimming pool access problems.

## FEATURES
