- Accommodates higher weight loading than PVC and plastic wheelchairs
- Ergonomic, aesthetically designed and manufactured
- Wider seating area
- Lift up arms
- Fold up foot rest
- User friendly making manoeuvring easy by a user or an assistant
- Model no: AQ-PWC001

Peace of Mind

Our customer's response to the AQUEAS Pool wheelchair has been excellent. As well as peace of mind, users and carers alike comment on the chairs' exceptional quality, stability, manoeuvrability, sturdy construction, and ability to move heavy people effortlessly throughout the facility without the need to transfer from one chair to another.
