DESTINATION LOUNGER™

The Destination Lounge™ lets you relax and enjoy the pool without a splash. Elegant design and sturdy construction combine to give pool owners the opportunity to upgrade their sun shelf space with ease. Made using an advanced RTM manufacturing process, Destination Loungers are lightweight yet strong. The innovative design allows pool owners to easily fill the base section with water but, more importantly, also allows them to move the lounge to remove water so it's easy to take it off the sun shelf when not in use.

- Perfect for residential or commercial use
- For use on a pool ledge with water depths up to 30cm
- High-quality RTM composite material
- UV protection to resist fading
- Compatible with all pool types, including vinyl
- Exclusive colours and visual textures
- Patent pending fill system eliminates buoyancy
- Easy to drain and remove when not in use
- Made in the USA

MOD-LITE™

PowerPass™ Wireless

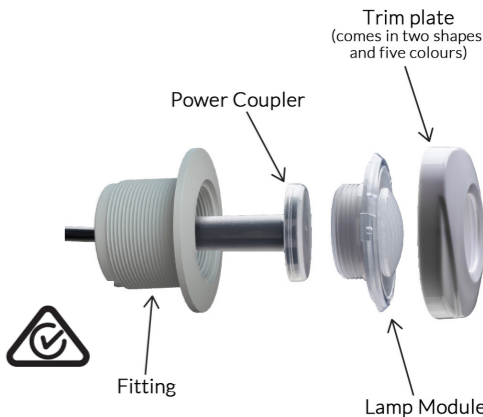

MOD-LITE™

PowerPass Wireless™

Mod-Lite™ is an LED light that blends modular design with wireless power to deliver unmatched flexibility, convenience, safety and savings. PowerPass™ technology allows power to flow directly to the wireless LED lamp module, without a physical connection to power; making installation faster, safer and more efficient; and replacement quick and simple.

- 12VAC 7 Watt LED light for concrete, vinyl liner, and fiberglass pools and spas
- Low profile wireless lamp
- Designed for use with standard 40mm wall fittings and conduit down to 20mm.
- 24m cable length
- Colour functions:
 - 12V controls: (6) colours (white, blue, green, red, amber, magenta)
- (5) coloured trim plates in (2) different shapes (square and round) for a total of (10) options for maximum customization
- 3-year warranty
- ERAC Registration No. E3011

Deck Mounted Pool Slides

Designed for Years of Serious Fun

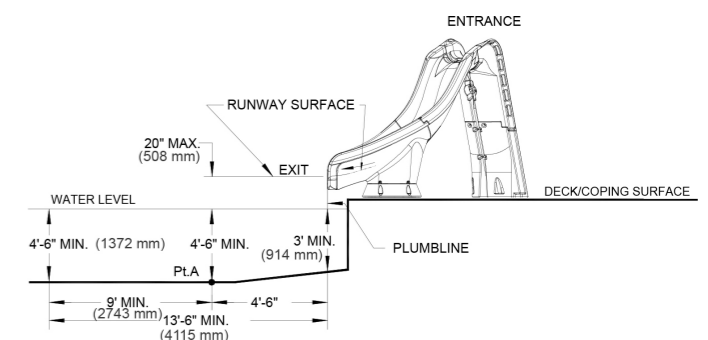

Manufactured from high-quality corrosion-resistant material, S.R.Smith deck mounted pool slides are engineered to deliver serious fun, season after season! Ranging in size from the Cyclone at just over 1m, to the towering TurboTwister that tops out at 2.6m, they resist fading and scratching, and retain their luster for years to come. There is an integrated water delivery system on each S.R.Smith slide that provides high-volume water fun for a slippery, sloshy ride. And for salt pool environments, select one of our many salt friendly deck mounted pool slides, identified by the special icon.

Safety Built-In

We believe fun and safety go hand in hand. That is why all of our slides fully comply with the U.S. Consumer Product Safety Commission's Standard for swimming pool slides (CPSC 16 CFR 1207). Whether it is our enclosed ladders, easy to grip hand rails or non-slip treads, safety features are integral to every one of our slides.

Slide Placement Guidelines

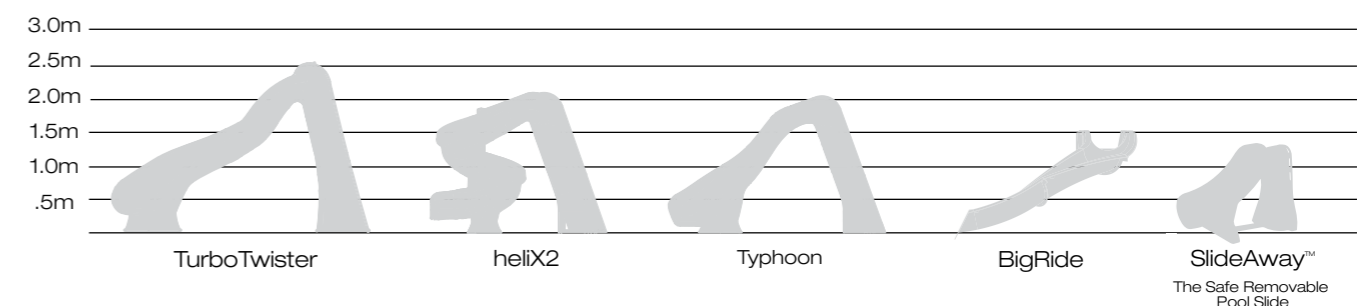

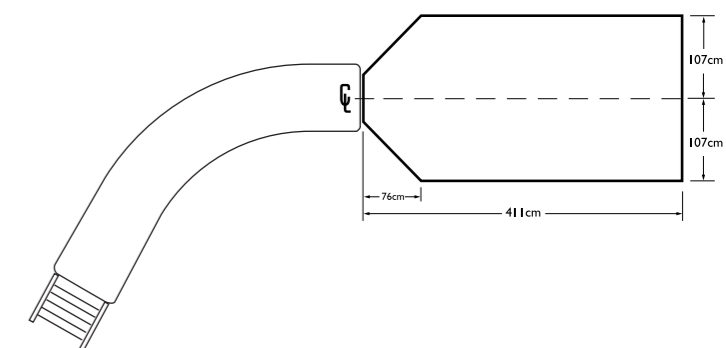

The pool industry association has provided these guidelines for slide placement. Our slides can be mounted directly to the deck making retrofit applications easy (check with your inspector for local codes and guidelines). From the top of the ladder, a flume that curves down to the left is a left curve slide, and a flume that curves down to the right is a right curve slide.

Assemble. Install. Slide!

See how simple it is to assemble and install all of our deck mounted pool slides with our installation videos. Go to srsmith.com/au or visit the S.R.Smith YouTube channel.

DECK MOUNTED POOL SLIDES

TurboTwister®

This thrill-ride pool slide is designed with curves and dips that guarantee hours of fun for the entire family.

- 2.6m in height (2.2m to seat)
- Available with a right or left curved flume
- Accommodates sliders up to 124kg
- Sturdy rotomolded construction for strength and durability
- Enclosed ladder and molded handrail design for maximum safety
- Designed for quick and easy assembly
- 95 LPM max. water delivery system can be plumbed through the pool's return line or connected to a garden hose
- Simple deck mounted installation
- Intended for in-ground residential swimming pools only

DIVING BOARDS

Diving Boards

S.R.Smith diving boards are designed to deliver serious fun and at the same time, stand up to harsh swimming pool environments and climate. Quality, durability and safety have been our hallmarks since we started making diving boards more than 85 years ago. The TrueTread and Odyssey diving boards provide the most spring, with the sleek Bombora having a little less flex, and the uniquely shaped Mondo being a rigid diving platform.

POOL GAMES

Pool Games

Amp up Swimming Pool Fun!

Whether it's one on one or team play, basketball and volleyball are even more fun when played in the pool. S.R.Smith offers a complete line of commercial and residential pool games designed to stand up to the toughest competitors and environments. Our Extended Reach Commercial Basketball game has a 76cm setback and comes with our patented RockSolid® anchor for exceptional stability. Durable and well-designed, S.R.Smith pool games will provide hours swimming pool fun.

Salt Friendly Games

Look for the Salt Friendly icon on select games that ensures the game features SealedSteel®, a protective vinyl coating that virtually eliminates corrosion, and stays cool to the touch even in extreme temperatures.

Built to Last

All S.R.Smith games are made from high quality, ASTM 316L stainless steel. Basketball games are available in single or dual post styles, with strong, durable backboard. And all games can be easily removed when a clear pool deck is desired, with anchor caps available to keep the pool deck safe.

Swim N' Dunk RockSolid® Basketball Games

- Features patented RockSolid® anchor to eliminate movement
- SealedSteel® vinyl-coated frame and rim
- Commercial grade, 3mm wall thickness, 63mm square 316L stainless steel frame
- Removable unit, with optional safety anchor cap that sits flush with deck
- Regulation rim, net, basketball and needle included
- Durable, clear acrylic backboard
- Recommended for salt pools
