Rescue & First Aid

Lifeguard Chair - Sentry

Constructed from high-density polyethylene (HDPE). Available in two seat heights. Chairs can be fitted with wheel kits. (Sold separately) Flat packed.
76 cm Chair PLAW00801
107 cm Chair PLAW00806

Lifeguard Chair - Vista

The Vista Lifeguard Chair allows lifeguards to easily scan large pool areas. Fitted with wheels, umbrella fitting &. 360° swivel seat.
Seat height 1.8 m
Code: PLAW00805

Economy Lifebuoy

White PVC covered foam with braided red poly grab rope.
Code: PGEN1175

Commercial Lifebuoy

Orange PVC with reflective safety tape and poly grab rope. Compliant to SOLAS96/98 EC for marine equipment. Weight: 2.5 kg
Code: PGEN1178

Lifebuoy Rope

Lifebuoy Rope is use with Lifebuoys to allow you to throw the Buoy to rescue patients and them pull back once grabbed.
15m Poly Rope Code: PLAW00380
30m Poly Rope Code: PLAW00381

Rescue Tube

Used to wrap around or pull a victim out of the water. Complies to Australian Standard AS 2259.
980 mm x 140 mm x 80 mm (L x W x D)
Code: PGEN1180

IQ Rescue Safety Hook

Fits a standard aluminium telescopic handle.
Supplied with bolts & nuts.
Code: PAQ-SHP02

Extendable Safety Hook

Lightweight Aluminium extends from 1.21m to 2.19m. Extend & twist to lock. Handle features a non-slip hand grip.
Code: PAQ-SHP01

Throw Ropes

A. Yellow & red rope in a bag with waist belt - 25m
Code: PGEN1184

B. Red rope in a red bag - 12 m
Code: PGEN1182

Casualty First Aid Table

Comfortable and sturdy design. made of 32 mm^ø tube steel frame, vinyl covered foam padded top with an adjustable head rest.
1820 mm x 610 mm x 780 mm (L x W x H)
Code: PGEN1228

Lifejackets

The Spiral 100N Lifejacket is made of super soft foam and is as comfortable as it is durable, great for swimming pools, sheltered and coastal waters.

Baby <15 kg
Child <20 kg
Child Large 20-30 kg

Back Board NAJO Lite

A tough, durable, impervious to all body fluids, & 100% x-ray translucent. Hand holds are recessed to allow clearance when picking up the back board. It has two handles at the tapered end to allow for more stable transport & also has angled edges for log-rolling. The board has an opening down the lower half to immobilise each leg separately if so desired. Supplied with pins, straps sold separately.

1830 mm x 405 mm x 44 mm (L x W x D)

Weight: 6.5 kg. Load limit 204 kg

Code: PGEN1208

Spinal Board Carbon Fibre

This unique lightweight Carbon Fibre Spine Board combines unmatched strength, rigidity, flotation, ease of carry and comfort for patients weighing up to 220 kg. The Ferno 390CF Spine Board is compatible with ambulance stretcher patient harnesses which allows full transportability of the patient from incident to hospital. Supplied with pins, straps sold separately.

1830 mm x 420 mm (L x W)

Weight: 5 kg Load Limit: 220 kg

Code: PGEN1206

Spinal Board Laerdal Baxstrap

Suitable for water rescue work. No seams make it easy to clean. Raised hand holds makes it easy to pick up. Radiolucent for clear view of the spine, MRI/CT scan compatible. Supplied with pins, straps sold separately.

1830 mm x 410 mm x 65 mm (L x W x D)

Weight: 8.6 kg Load Limit: 110 kg

Code: PGEN1202

Thomas Handle

Attach to any Spine Board & reduces the amount of bending when lifting a Spine Board by adding approximately 30 cm to the lifting point, thus lessening back strain, eliminating awkward lifting angles & minimising abrasions on the hands & knuckles. Pack Size: 4/Pk

Code: PGEN1210

Spine & Back Board Spider Straps

A 10 point 5 strap system used to secure patients to spinal and back boards. Colour coded for rapid immobilisation. Suitable for all boards.

165 cm (L)

Webbing rating: 1588 kg

Re-useable Resuscitator

Silicone bag valve mask resuscitator. Designed for effective manual resuscitation. 100% Latex free silicone. The high polished silicone bag, I/E valve housing & mask allow the operator to view critical function areas. The textured surface identifies the grip area for maximum stroke volume delivery while assisting in a sure grip. Cleaning the units is simplified with easy disassembly & re-assembly of components.

Infant Code: PGEN1283

Child Code: PGEN1284

Adult Code: PGEN1285

Disposable Resuscitator

Designed for effective manual resuscitation. 100% Latex free PVC. The high polished PVC bag, I/E valve housing & mask allow the operator to view critical function areas. The textured surface identifies the grip area for maximum stroke volume delivery while assisting in a sure grip. Completely disposable eliminates the need to clean, disinfect or sterilise the device. The possibility of cross-contamination is eliminated.

Infant Code: PGEN1286
