Goggles Icons

Silicone Fit Out

A moulded, soft silicone frame for maximum comfort and a leak resistant seal.

UV Protection

A goggle with lenses that protect the eyes from harmful UV rays.

Adjustable Nose Piece

A goggle designed with an adjustable nose piece to help you find the perfect fit for your face.

Anti-Fog

A goggle with a long lasting anti-fog coating for clear and crisp vision under all conditions.

Tinted Lenses

Tinted lenses designed to reduce light exposure and glare to the eyes. Suitable for both indoor and outdoor use.

Mirrored Lenses

A goggle designed with mirrored lenses to minimise light exposure and glare to the eyes. Best suited for outdoor use.

Goggle Care

Features

- + The lenses are made of strong impact resistant polycarbonate resin. In addition, the lenses block out harmful ultraviolet rays.
- + The long lasting anti-fog system prevents fogging under all conditions.
- + Side buckle for adjusting the length of the head strap easily

Care

- + Before every use, wet the inside lens surface in order to activate the anti-fog system.
- + After use, rinse goggles in fresh water.
- + Do not use a solution such as alcohol or thinners because these may deform and discolour the goggles.
- + Do not touch or rub the inside surface of the lenses as this will compromise the anti-fog coating.

Fitting of Swimming Goggles

- + To clear water or to adjust goggles, take a firm grip on the eye cup and tilt the lower edge of the eye cup slightly away from the face.
- + To remove goggles, put thumbs under head strap at side of head. Slide thumbs to back of head and lift strap from back to front of head.
- + It is recommended that teachers, coaches or experienced swimmers demonstrate this method to young children.

CUSTOM PRINTED SILICONE CAPS

We can print your swim school or club logo on silicone caps. This is a cost-effective, simple and unique way of promoting your activities throughout your local community, providing your swimmers with an opportunity to wear your brand with pride. The most economical printing solution is a design of a mono colour which we can print in-house with quick delivery times. However, we can print logo's of up to five colours. For a competitive price on printed silicone caps or for more information on our printing services, please contact a member of the Vici team for a quote.

VICI CLOTHING

Swimmer Jackets

The Full Length Jacket is the ideal accessory to keep you dry and warm on the deck. Designed to be worn oversized with a unique two-way zipper for comfort and ease of use this jacket will provide ultimate protection for swimmers and coaches from the elements.
